

# ***UNITED FEDERATION OF PLANETS INTERNATIONALE***

## **Who We Are**

*The United Federation of Planets Internationalé (UFPI) is a fan organization with one main purpose: The enjoyment of Science Fiction through Star Trek® related mediums as an individual or family hobby. Members throughout the world are encouraged to share local Trek happenings through one easily accessible organization whose goal is to promote the concept of IDIC, Infinite Diversity in Infinite Combinations.*

## **Local Chapters**

*Members can expand their involvement by joining the Operational or Correspondence chapter of their choice. Chapters are local area clubs which are considered fictional Starships or installations, where fictional rank and position are available along with many opportunities to meet other fans, participate in Trek/Social Activities and serve the local community. When you sign up, included with your membership packet will be a list of all of our chapters so you can find the one nearest you or, if there are none close by you, information on how to start your own! We've all dreamed of being a Starship Captain ... here is your chance. In addition as to include everyone if you are unable or choose not to participate in a local Chapter there is the Master Chapter, Starbase Phoenix that all incoming members are assigned to prior the choosing of your a local chapter unless you designate one off our web site.*
